

# Crafty Kids Workshop

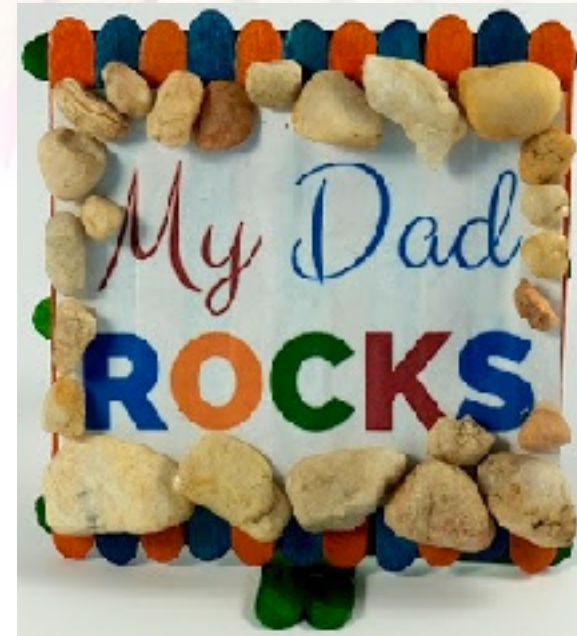

Nothing says "I love you, dad" quite like a homemade craft from children. We compiled a list of some of our favorite crafts that are fun to make and will put a big smile on dad or grandpa's face. We'll make Father's Day special this year by encouraging your children to make him something themselves! We are sure you'll be inspired with their personal handmade creations..

As per Hindu tradition Ganesha is a god of wisdom, success and good luck. Our children will make wonderful magnets for the fridge.

It is no wonder that emojis have become so popular. They are colorful, cute, and a great way to express yourself. Children will bring the fun of emojis into their space with hands on skills.

My Dad Rocks frame is the perfect Father's Day Gift that dad could proudly display on his desk at work.
